

# Contents

|  |            |
|--|------------|
| Preface  | vii        |
| List of Symbols  | ix         |
| Contents of Volumes 1 and 3  | xxi        |
| <br>   |            |
| <b>14 Microinstabilities</b>   | <b>459</b> |
| 14.1 Classification of Microinstabilities and the Gardner–Newcomb Theorem                            | 459        |
| 14.2 Microinstabilities of a Homogeneous Unmagnetized Plasma   | 463        |
| 14.3 Microinstabilities of a Homogeneous Magnetized Plasma with Isotropic Distribution Function      | 484        |
| 14.4 Microinstabilities of a Homogeneous Magnetized Plasma with an Anisotropic Distribution Function | 498        |
| 14.5 Microinstabilities in an Inhomogeneous Plasma   | 523        |
| 14.6 Collisional Microinstabilities  | 554        |
| 14.7 Kinetic Theory of Macroscopic Instabilities   | 567        |
| 14.8 Trapped Particle Instabilities  | 577        |
| 14.9 Instabilities in Charge Excess Plasmas  | 593        |
| 14.10 Anomalous Transport  | 600        |
| 14.11 Scaling Laws and Discharge Regimes   | 616        |
| <br>   |            |
| <b>15 Beam Plasma Systems</b>  | <b>623</b> |
| 15.1 Basic Beam Physics  | 623        |
| 15.2 Beam-Plasma Instabilities   | 630        |
| 15.3 Nonlinear Beam Problems   | 672        |
| 15.4 Beam Heating of Plasmas   | 687        |
| <br>   |            |
| <b>16 Methods of Stabilization</b>   | <b>701</b> |
| 16.1 Magnetic Field Configuration Stabilization  | 701        |
| 16.2 Macroscopic Nonmagnetic Stabilization Methods   | 739        |
| 16.3 Microscopic Stabilization Methods   | 746        |
| <br>   |            |
| <b>17 Parametric Effects</b>   | <b>753</b> |
| 17.1 Basic Concepts  | 753        |
| 17.2 Parametric Instabilities in Homogeneous Unmagnetized Plasmas                                    | 776        |
| 17.3 Parametric Instabilities in Homogeneous Magnetized Plasmas                                      | 793        |

**CONTENTS**

|                    |   |     |
|--------------------|---|-----|
| 17.4               | Parametric Effects in Bounded and Inhomogeneous Plasmas | 825 |
| 17.5               | Relativistic and Beam Effects                           | 836 |
| 17.6               | Nonlinear Effects                                       | 838 |
| <br>References     |   | 865 |
| Errors in Volume 1 |   | 965 |
| Subject Index      |   | 967 |
