

# Contents

1	The Earth's Magnetic Field . . . . .	1
1.1	Introduction . . . . .	1
1.2	Transient Magnetic Variations . . . . .	2
1.3	The Magnetosphere . . . . .	5
1.4	Conjugacy . . . . .	12
	References . . . . .	13
2	The Morphology of Geomagnetic Micropulsations . . . . .	15
2.1	Introduction . . . . .	15
2.2	Classification of Micropulsations . . . . .	16
2.3	Continuous Pulsations (Pc 1). . . . .	19
2.4	Continuous Pulsations (Pc 2/3, Pc 4, and Pc 5) . . . . .	33
2.4.1	Continuous Pc 2/3 Oscillations . . . . .	35
2.4.2	Continuous Pc 4 Oscillations . . . . .	39
2.4.3	Continuous Pc 5 Oscillations . . . . .	41
2.5	Pulsations with Irregular Forms . . . . .	45
2.5.1	Irregular Pulsations Pi 1 . . . . .	46
2.5.2	Irregular Pulsations Pi 2 . . . . .	47
2.5.3	Other Forms of Pi Activity . . . . .	53
	References . . . . .	60
3	Magneto-Hydrodynamic Waves . . . . .	64
3.1	Alfvén Waves . . . . .	64
3.2	The Equations of Small Hydromagnetic Oscillations. . . . .	65
3.3	The Dispersion Relation . . . . .	69
3.4	Theories of Pc Oscillations. . . . .	71
3.5	Transmission of Hydromagnetic Waves Through the Ionosphere and Magnetosphere . . . . .	74
	References . . . . .	86
4	Theories of the Origin of Pc 1 Pulsations . . . . .	88
4.1	Introduction . . . . .	88
4.2	The Structure of the Frequency Spectrum of Pc 1's . . . . .	98
4.3	The Cyclotron Instability Process and the Generation of Pc 1's . . . . .	100
4.4	Sub Classes of Pc 1's – Non Linear Theories . . . . .	109
4.5	Propagation of Pc 1's to Lower Latitudes . . . . .	114
	References . . . . .	122

5 Theories of Pc 2—5 and Pi Oscillations . . . . .	124
5.1 Introduction . . . . .	124
5.2 Toroidal Oscillations . . . . .	125
5.3 The Excitation Mechanism of Pc 5's . . . . .	134
5.4 Theories of Pi's . . . . .	136
References . . . . .	145
6 Micropulsations and the Diagnostics of the Magnetosphere . .	148
6.1 Introduction . . . . .	148
6.2 Relationship Between Micropulsations, The Solar Wind and the Dimensions of the Magnetosphere . . . . .	151
6.3 Plasma Densities in the Magnetosphere Determined from Micropulsation Measurements . . . . .	160
6.4 Micropulsations Observed in the Magnetosphere . . . . .	169
References . . . . .	174
Subject Index . . . . .	177
