OPENING SESSION

Opening Statements

Kauko Juhantalo	3
Hans Blix	5
Esko Aho	11

Keynote Addresses

Electricity and environmental policies of the European Community in relation to global climate change issues (SM-323/5)	15
<i>E. Bennett</i>	
Industrialized countries and their policies in relation to electricity and the environment (SM-323/7)	21
<i>H. Steeg</i>	
Energy and electricity needs for the economic development of developing countries: Implications of global environmental issues (SM-323/8)	31
<i>Youmei Lu</i>	
Policy aspects of electricity and the environment in Egypt (SM-323/11)	37
<i>M.M. Abaza</i>	

ENERGY AND ELECTRICITY SUPPLY AND DEMAND: IMPLICATIONS FOR THE GLOBAL ENVIRONMENT (Topical Session 1)

Chairman's Report	49
<i>K. Leydon</i>	
Efficient use of electricity: Possibilities and limits (SM-323/16)	59
<i>S. Kärkkäinen</i>	
Electrification and social and economic development (SM-323/17)	81
<i>A. de Oliveira</i>	
Role of electricity in minimizing environmental impacts (SM-323/18)	97
<i>K. Yamaji</i>	
Summary of the Discussion of Key Issues	113

**ENERGY SOURCES AND TECHNOLOGIES FOR
ELECTRICITY GENERATION (Topical Session 2)**

Chairman’s Report 123
S. Garribba

Trends in research and development of advanced fossil fuel technologies
for electric power generation (SM-323/19) 133
R.W. Lynch

Trends and outlook for nuclear power development including advanced
nuclear reactors (SM-323/20) 147
G.H. Stevens

Technological and economic development outlook for renewable energy
sources for electricity generation (SM-323/21) 167
A. Zervos, W. Palz

Summary of the Discussion of Key Issues 185

**COMPARATIVE ENVIRONMENTAL AND HEALTH EFFECTS OF
DIFFERENT ENERGY SYSTEMS FOR ELECTRICITY GENERATION
(Topical Session 3)**

Chairman’s Report 197
M.J. Chadwick

Energy and global climate change issues (SM-323/22) 203
N. Sundararaman

Cancer risks related to different energy sources (SM-323/23) 219
*P. Boffetta, E. Cardis, H. Vainio, M.P. Coleman, M. Kogevinas,
G. Nordberg, D.M. Parkin, C. Partensky, D. Shuker, L. Tomatis*

Critical loads, reversibility and irreversibility of damage to ecosystems
(SM-323/24) 245
T.G. Brydges

Summary of the Discussion of Key Issues 261

**INCORPORATION OF ENVIRONMENTAL AND HEALTH IMPACTS
INTO POLICY, PLANNING AND DECISION MAKING FOR
THE ELECTRICITY SECTOR (Topical Session 4)**

Chairman’s Report 273
M. Munasinghe

Incorporation of environmental issues into policy, planning and decision making for the electricity sector (SM-323/25)	279
<i>E. Müller</i>	
Economic and environmental issues confronted during the transition from centrally planned to market based economic systems (SM-323/26)	291
<i>J. Jicha</i>	
Summary of the Discussion of Key Issues	297

LUNCHEON SESSIONS

Nuclear power, safety and the environment: Keeping the options alive (SM-323/12)	309
<i>K.C. Rogers</i>	
Swedish energy policy during the 1990s (SM-323/13)	319
<i>H. Rode</i>	

POLICY ASPECTS OF ELECTRICITY AND THE ENVIRONMENT (General Plenary Session)

Promotion of electric power policies which consider Japan's environment (SM-323/36)	327
<i>J. Mukai</i>	
Integrating environmental concerns into planning to meet electric demand (SM-323/38)	337
<i>P.L. Ziemer</i>	
Electricity and environment: Policy aspects in developing countries (SM-323/39)	351
<i>T.R.S. Chandran</i>	
Policy aspects of electricity and the environment in the European Community (SM-323/28)	365
<i>F. Caccia Dominioni</i>	
Environmental impact of electricity in Hungary (SM-323/29)	373
<i>G. Vajda</i>	
Electric System Expansion Plan and the environment in the Republic of Korea (SM-323/37)	385
<i>Young-Gun Lee, Jong-Hwan Ahn</i>	
Summary of Discussion	393

Electric power planning: The people decide (SM-323/30)	401
<i>C. Burnham</i>	
Energy and environment: The position of European industrial consumers (SM-323/33)	407
<i>A. Mongon</i>	
Nordel and the Brundtland Report (SM-323/31)	411
<i>C.-E. Lundgren, G. Schultz</i>	
Policy aspects of electricity and the environment: A trade union view (SM-323/34)	421
<i>V. Thorpe</i>	
Summary of Statement	431
<i>S. Boyle</i>	
Summary of Discussion	435

**KEY ISSUES AND FINDINGS AND ROUND TABLE ON
CHALLENGES FOR INTERNATIONAL CO-OPERATION
(Closing Session)**

Summaries of Reports	445
<i>K. Leydon, S. Garribba, M.J. Chadwick, M. Munasinghe</i>	
Summary of Round Table	455
List of Chairmen of Sessions and Rapporteurs of Sessions	469
Secretariat of the Symposium	470
Joint Steering Committee	471
International Expert Groups 1-4	472
List of Participants and Designating Member States and Organizations	475
Author Index	499
Index of Papers by Number	501
