<i>Chapter</i>	<i>Page</i>
Preface	v
1. Special Tooling for Milling and Shaping	1
2. Fixtures for Milling and Shaping	18
3. Tooling for Boring	36
4. General Operation Tooling for Lathes and Turret Lathes ..	46
5. Chucking and Workholding Devices for Lathes	70
6. Special Operations on Lathes	116
7. Special Tooling for Screw Machines	126
8. Special Tooling for Drilling and Associated Operations	134
9. Jigs for Drilling and Associated Operations	153
10. Tooling for Grinding	170
11. Gaging Devices	197
12. Tooling for Layout	232
13. Die and Component Designs	240
14. Unusual Dies	273
15. Special Purpose Tooling	303
16. Tooling Component Design — General	336
17. Tooling Component Design — Work-clamping	353
Index	368
