Optical constants

Subvolume B: Refractive indices of organic liquids

1	Introduction	1
1.1	Selection of data	1
1.2	Refractive index, temperature, wavelength, composition.	2
1.3	Arrangement of data	3
1.4	Substances and nomenclature.	4
1.5	References for 1	4
2	Pure liquids	5
2.1	Data (organic compounds)	5
2.2	References for 2	392
