| Preface.....   | II          | 5. The Periodic Table.....  | VIII        |
| Index to Spectra.....                                    | IV          | 5.1 The chemical elements by atomic number—ionization potentials for spectra of the first 41 elements H to Nb (table 18)..... | VIII        |
| 1. Introduction.....                                     | VII         | 5.2 The chemical elements by chemical symbol (table 19).....  | VIII        |
| 2. Scope of the Present Tables.....                      | VII         | 5.3 The periodic system (table 20).....   | IX          |
| 3. Arrangement.....                                      | VII         | 5.4 Index—isoelectronic sequences (table 21).....   | IX          |
| 4. Tables of Predicted and Observed Arrays of Terms..... | VIII        | 6. Acknowledgments.....   | X           |

A List of additions and corrections to Volume I is appended facing blank page 228.
