

CONTENTS

A Regularity of Plasma Diffusion in Stellarators I. S. Shpigel'	1
Effect of an Electric Field on Particle Motion in a Stellarator A. P. Popryadukhin	7
Effect of Geometric Errors in the Magnet System on the Field Configuration In a Stellarator I. S. Danilkin	23
A New Quadrupole Stellarator I. S. Danilkin and I. S. Shpigel'	47
The Tor-2 Stellarator M. A. Ivanovskii, S. N. Popov, and A. P. Popryadukhin	61
Magnetic Field Configurations of the Tor-1 And Tor-2 Stellarators É. D. Andryukhina, M. A. Ivanovskii, S. N. Popov, A. P. Popryadukhin, O. I. Fedyanin, and Yu. V. Khol'nov	69
Electrostatic-Probe Measurements on the L-1 Stellarator M. S. Berezhetskii, S. E. Grebenshchikov, I. A. Kossyi, I. S. Sbitnikova, and I. S. Shpigel'	79
Microwave Measurements of Plasma Density in the Stellarators of the Lebedev Institute D. K. Akulina and Yu. I. Nechaev	97
