

## CONTENTS

Investigation of the Angular Distribution of Stimulated Raman Scattering of Light – A. N. Arbatskaya	1
Investigation of the Formation and Self-Focusing of Stimulated Raman Scattering of Light in Condensed Media – A. D. Kudryavtseva	37
Investigation of the Spectral Distribution of the Intensity of the Components of Stimulated Raman Scattering of Light in Condensed Media – E. A. Morozova	77
Stationary SRS Regimes in the Fields of Ultrashort Pulses – T. M. Makhviladze and M. E. Sarychev	113
Angular Distributions of Stimulated Raman Scattering of Light – T. M. Makhviladze and M. E. Sarychev	123
