Image Restoration on the Hopfield Neural Network

J. B. ABBISS, M. A. FIDDY, AND R. STERITI

I. Introduction	1
II. Neural Networks	7
III. Image Restoration	11
IV. Image Reconstruction on a Neural Net	15
V. Matrix Inversion	22
VI. Examples of Image Restoration	27
VII. New Restoration Approaches	36
VIII. Hardware Implementations	38
IX. Conclusions	42
Acknowledgment	44
References	44

Fundamentals and Special Applications of Non-contact Scanning Force Microscopy

U. HARTMANN

I. Introduction	49
II. Probe-Sample Interactions in Non-contact Scanning Force Microscopy	51
III. Electric Force Microscopy Used as a Servo Technique	129
IV. Theory of Magnetic Force Microscopy	133
V. Aspects of Instrumentation	191
VI. Conclusions	195
Acknowledgments	197
References	197

Electrical Noise as a Measure of Quality and Reliability in Electronic Devices

B. K. JONES

I. Introduction	201
II. Established Mechanisms of Excess Noise Involving Defects ..	215

III. Quality and Reliability	237
IV. Conclusions	247
References	247

**Parallel Processing Methodologies for
Image Processing and Computer Vision**

S. YALAMANCHILI AND J. K. AGGARWAL

I. Introduction	259
II. Matching Algorithms and Architectures	261
III. Architecture-Driven Approaches	273
IV. Application-Driven Approaches	285
V. Emerging Research Areas	296
References	297
