

CONTENTS

PREFACE . . . . . xi

Chapter 1. Fundamental Particles and Their Interactions  
with Matter . . . . . 1

Chapter 2. Radiation Fields: Their Specification and  
Measurement . . . . . 33

Chapter 3. Particle Accelerators and Their Radiation  
Environments . . . . . 93

Chapter 4. Human Response to Ionizing Radiation . . . . . 159

Chapter 5. The Measurement of Radiation Fields—Radiation  
Detectors . . . . . 199

Chapter 6. Accelerator Shielding . . . . . 329

Chapter 7. Induced Activity at Accelerators . . . . . 499

Chapter 8. Administration of an Accelerator Health  
Physics Program . . . . . 547

Appendix. Laboratory Manual . . . . . 585

SUBJECT INDEX . . . . . 661
