

Contents

Preface	ix
Commonly used notation	xi
Conventions	xii
1 Introduction	3
2 Structure equations of $X^n \subset E^N$	14
3 Pfaffian differential systems	32
4 Quasi-linear Pfaffian differential systems	58
5 The isometric embedding system	89
6 The characteristic variety	112
7 Isometric embeddings of space forms	156
8 Embedding Cauchy-Riemann structures	194
References	213
Index	219
