

## CONTENTS

Foreword.....	vii
---------------	-----

### **CHAPTER 1: SPACE COLONIZATION IN THE CLASSROOM**

<b>Space Colonies and the Philosophy of Space Exploration .....</b>	<b>2</b>
Gonzalo Munévar, University of Nebraska, Omaha	
<b>Baseball in Space .....</b>	<b>13</b>
David Van Blerkom, University of Massachusetts at Amherst	
<b>From Bus Stops to Space Colonies .....</b>	<b>26</b>
Patrick D. Hill, California Polytechnic State University at San Luis Obispo	
<b>Space in the Classroom .....</b>	<b>33</b>
William E. MacDaniel, Niagara University	
<b>Space: A New Frontier .....</b>	<b>44</b>
Mona Cutolo and Denis Miranda, Marymount Manhattan College	
<b>Space Colonization as a Resource in the Liberal-Arts Curriculum: The Case of Economics .....</b>	<b>50</b>
Martin Gerhard Giesbrecht, Economics Associates	

### **CHAPTER 2: IDEAS AND PROPOSALS FOR CURRICULAR USES OF SPACE COLONIZATION**

<b>Asking Sociological Questions about Lagrange Five .....</b>	<b>56</b>
Barry A. Turner, University of Exeter	
<b>Space Colonization as a Tool for Teaching Anthropology .....</b>	<b>73</b>
Thomas L. Melchionne and Steven L. Rosen, Rutgers University	
<b>Psychology and Space: From the Frying Pan into the Fire? .....</b>	<b>83</b>
Fay Terris Friedman, D'Youville College	
<b>Limitation and Life in Space .....</b>	<b>83</b>
Marvin Israel and T. Scott Smith, Dickinson College	
<b>Technological Possibility and Public Policy .....</b>	<b>96</b>
Steven Lee and Scott Brophy, Hobart and William Smith Colleges	
<b>Moon Colonization and the Imagination: A Psychological Interpretation of Robert A. Heinlein's "Requiem" .....</b>	<b>105</b>
Barbara Eckman, University of Pennsylvania	
<b>Homesteading and the Creation of Property Rights in Outer Space .....</b>	<b>114</b>
Joel D. Scheraga, Princeton University and Rutgers University	

## CHAPTER 3: TECHNOLOGY AND SPACE COLONIZATION

<b>Space Beyond Vaudeville .....</b>	122
Arthur Kantrowitz, Dartmouth College	
<b>Resources and Recollections of Space Colonization .....</b>	129
Thomas A. Heppenheimer, Center for Space Science	
<b>Ten Years of Perspective on Space Colonization Panel Discussion by Participants of the 1975 Stanford/ASEE/NASA Summer Study on Space Colonization .....</b>	141
