Publisher's note	xiii
Address <i>by Mr J. W. Partridge, President of the World Energy Conference</i>	xv
Division 1 Development of conventional energy resources	
Editorial review <i>by Mr D. C. Ion and Mr D. N. Simpson</i>	1
Position Paper 'Development of conventional energy resources' <i>by Mr C. H. Smith and Mr R. B. Toombs</i>	17
Synopses of technical papers	26
Division 2 Conservation of energy utilization	
Editorial review <i>by Mr L. C. Bateman</i>	36
Position Paper 'Conservation of energy utilization' <i>by Sir William Hawthorne and Mr N. Kendall</i>	51
Synopses of technical papers	60
Division 3 Conversion of primary energy	
Editorial review <i>by Dr C. G. James and Mr G. H. Evans</i>	67
Position Paper 'Conversion of primary energy' <i>by Prof. M. A. Styrikovich and Mr A. E. Sheindlin</i>	88
Synopses of technical papers	97
Division 4 Unconventional energy sources	
Editorial review <i>by Dr F. J. P. Clarke</i>	108
Position Paper 'Unconventional energy resources: studies of development' <i>by Monsieur Bailly du Bois</i>	119
Synopses of technical papers	125
Round Table sessions	
The Conservation Commission Round Tables	132
Demand and conservation	133
Oil and natural-gas resources	136
Coal resources	142
Nuclear and unconventional resources	147
An energy modelling system for Turkey	156
International cooperation	159
Conditions governing the use of plutonium	166

Special sessions

Hydraulic resources	169
Energy Information Exchange	176
Use of waste materials for production of heat and generation of electricity, utilizing thermal and biologically based systems	177
Rational utilization of national coal resources for coke manufacture	178
Economics of superconducting cables	179
Nuclear energy for marine propulsion	181
WAES Report	183

Epilogue papers

Energy perspectives of the Third World by <i>Dr Sumitro Djojohadikusumo</i>	185
A future energy scenario by <i>Prof. W. Häfele and Mr W. Sassin</i>	190
Energy system options by <i>Mr Chauncey Starr</i>	197
List of conversion factors	207
Index	209
