

Contents

Preface	xi
Chapter 1 Introduction to Nonparametric Detection Theory	
1.1 Introduction	1
1.2 Nonparametric versus Parametric Detection	2
1.3 Historical and Mathematical Background	6
1.4 Outline of the Book	7
Chapter 2 Basic Detection Theory	
2.1 Introduction	9
2.2 Basic Concepts	10
2.3 Bayes Decision Criterion	12
2.4 Neyman–Pearson Lemma	17
2.5 Receiver Operating Characteristics	21
2.6 Composite Hypotheses	24
2.7 Detector Comparison Techniques	31
2.8 Summary	36
Chapter 3 One-Input Detectors	
3.1 Introduction	38
3.2 Parametric Detectors	39
3.3 Sign Detector	47
3.4 Wilcoxon Detector	51
3.5 Fisher–Yates, Normal Scores, or c_1 Test	57
3.6 Van der Waerden’s Test	61
3.7 Spearman Rho Detector	65
3.8 Kendall Tau Detector	68
3.9 Summary	71
Problems	72

Chapter 4 One-Input Detector Performance	
4.1 Introduction	74
4.2 Sign Detector	75
4.3 Wilcoxon Detector	81
4.4 One-Input Detector AREs	87
4.5 Small Sample Performance	90
4.6 Summary	92
Problems	93
Chapter 5 Two-Input Detectors	
5.1 Introduction	95
5.2 One-Input Detectors with Reference Noise Samples	97
5.3 Two Simultaneous Input Detectors	122
5.4 Summary	152
Problems	152
Chapter 6 Two-Input Detector Performance	
6.1 Introduction	154
6.2 Asymptotic Results for Parametric Detectors	155
6.3 ARE of the PCC Detector	158
6.4 ARE of the Mann–Whitney Detector	162
6.5 ARE of Other Two-Input Detectors	164
6.6 Small Sample Results	167
6.7 Summary	170
Problems	170
Chapter 7 Tied Observations	
7.1 Introduction	172
7.2 General Procedures	173
7.3 Specific Studies	176
7.4 Summary	178
Problems	178
Chapter 8 Dependent Sample Performance	
8.1 Introduction	181
8.2 Dependence and the Constant False Alarm Rate Property	182
8.3 Nonparametric and Parametric Detector Performance for Correlated Inputs	185
8.4 Summary	188
Problems	189
Chapter 9 Engineering Applications	
9.1 Introduction	191
9.2 Radar System Applications	192
9.3 Other Engineering Applications	204
9.4 Summary	209

Contents

ix

Appendix A	Probability Density Functions	210
Appendix B	Mathematical Tables	214
	Answers to Selected Problems	226
	References	232
	Index	237
