List of contributors	vii
1 The coupled map lattice K. Kaneko	1
2 Renormalization group, universality and scaling in dynamics of coupled map lattices S. P. Kuznetsov	51
3 Mean-field approximations and Perron–Frobenius equations for coupled map lattices J. M. Houlrik and M. H. Jensen	95
4 Complex spatiotemporal dynamics of chain models for flow systems V. S. Afraimovich and M. I. Rabinovich	117
5 Chemical waves and coupled map lattices R. Kapral	135
6 Statistical mechanics of coupled map lattices L. A. Bunimovich and Ya. G. Sinai	169
Index	191
