

Wavelengths of
X-RAY EMISSION LINES
and
ABSORPTION EDGES

C O N T E N T S

Introduction (<i>in English</i>)	<i>1i-a</i>
Outline of the Tables.....	<i>2i-a</i>
Notations, abbreviations, conversion factors.....	<i>3i-a</i>
I - Wavelengths of Emission lines and bands and Absorption edges	
in numerical order	
Diagram emission lines and bands and absorption edges	1
Non-diagram lines	217
II - Wavelengths of Emission lines and bands and Absorption edges	
classified by atomic number and spectral series	
Absorption edges	256
Diagram emission lines and bands	
K-series.....	260
L-series: L _I	264
L _{II}	268
L _{III}	272
M-series: M _I , M _{II} , M _{III}	276
M _{IV} , M _V	280
N-series.....	283
O-series.....	283
Non-diagram lines	
K-satellites: K α	286
K β	288
L-satellites: L α	290
L β, γ, η	294
M-satellites	297
III - Bibliography	
References	299
Alphabetical author index.....	315
