CHAPTER 1 Good Day, Sunshine

- 1.1 The Rising Sun 1
- 1.2 Fire of Life 3
- 1.3 Sunlight 5
- 1.4 Daytime Star 6
- 1.5 Cosmic Laboratory 8
- 1.6 Ingredients of the Sun 8
- 1.7 Children of the Stars 12
- 1.8 Describing the Radiation 12
- 1.9 Invisible Fires 15

CHAPTER 2 Energizing the Sun

- 2.1 Awesome Power, Enormous Times 19
- 2.2 The Sun's Central Pressure Cooker 20
- 2.3 Nuclear Fusion, Anti-Matter and Hydrogen Burning 23
- 2.4 Diluting the Radiation 28

CHAPTER 3 Ghostlike Neutrinos

- 3.1 The Elusive Neutrino 35
- 3.2 Neutrinos from the Sun 38
- 3.3 Detecting Almost Nothing 41
- 3.4 Solving the Solar Neutrino Problem 47

CHAPTER 4 Taking the Pulse of the Sun

- 4.1 Trapped Sounds 53
- 4.2 Ode to the Sun 57
- 4.3 Looking Inside the Sun 61
- 4.4 Breaking the Symmetry 65
- 4.5 Back to the Future 70

CHAPTER 5 A Magnetic Star

- 5.1 Islands of Intense Magnetism 75
- 5.2 Bipolar Sunspots, Magnetic Loops and Active Regions 82
- 5.3 Cycles of Magnetic Activity 86
- 5.4 Internal Dynamo 90

CHAPTER 6 An Unseen World of Perpetual Change

- 6.1 The Sun's Visible Edge Is an Illusion 95
- 6.2 The Million-Degree Corona 104
- 6.3 Closed Coronal Loops and Open Coronal Holes 112
- 6.4 The Dynamic Ever-Changing Corona 118
- 6.5 The Eternal Solar Wind 119
- 6.6 Ulysses 126
- 6.7 The Distant Frontier 128

CHAPTER 7 The Violent Sun

- 7.1 Energetic Solar Activity 131
- 7.2 Solar Flares 134
- 7.3 Flare Radiation from Energetic Electrons 140
- 7.4 Energizing Solar Flares 143
- 7.5 Erupting Prominences 146
- 7.6 Coronal Mass Ejections 149
- 7.7 A Composite Model for Energetic Solar Activity 151

CHAPTER 8 Energizing Space

- 8.1 The Ingredients of Space 157
- 8.2 Probing the Solar Wind 158
- 8.3 Earth's Magnetic Cocoon 159
- 8.4 Penetrating Earth's Magnetic Defense 163
- 8.5 Storing Invisible Particles Within Earth's Magnetosphere 167
- 8.6 Active Experiments in Space 170
- 8.7 Northern and Southern Lights 173
- 8.8 Geomagnetic Storms 180
- 8.9 Astronauts and Satellites in Danger 184
- 8.10 Contemporary Solar-Terrestrial Research 190

CHAPTER 9 Transforming the Earth's Life-Sustaining Atmosphere

- 9.1 Fragile Planet Earth – The View from Space 193
- 9.2 The Life-Saving Greenhouse Effect 197
- 9.3 The Earth's Changing Atmosphere 199
- 9.4 Our Sun-Layered Atmosphere 202
- 9.5 The Inconstant Sun 206
- 9.6 Solar Ultraviolet and Terrestrial Ozone 212
- 9.7 The Vanishing Ozone 215
- 9.8 Healing the Planet 221

CHAPTER 10 Fire and Ice

- 10.1 Clear Skies and Stormy Weather 225
- 10.2 Turning on the Heat 227
- 10.3 Solar Radiation and Global Warming 233
- 10.4 Consequences of Overheating the Earth 236
- 10.5 Life in the Fast Lane 238
- 10.6 Over the Long Haul 243
