

Contents

Preface	7
1 The Universe of Galaxies	9
Clusters of galaxies	10
Normal galaxies	13
Groups of galaxies	25
Interacting galaxies	27
Giant radio galaxies	36
X-ray galaxies	45
Quasars	48
Local Group of galaxies	52
Magellanic Clouds	59
Our Galaxy	65
2 Stars and Nebulae	73
Constellations	74
Double and variable stars	81
Associations, clusters and nebulae	102
Dusty nebulae	124
Endpoints of star evolution	135
3 The Solar System	157
Sun	157
The giant planets	170
The terrestrial planets	184
Minor members of the solar system	234
Appendix: Messier Catalogue	248
Note on special photographic techniques	250
Glossary	251
Index	253
