

CONTENTS OF VOLUME I

SOURCES AND INSTRUMENTS (Sessions I and II)

Pulsed neutron sources for epithermal neutrons (IAEA-SM-219/83)	3
<i>C. G. Windsor</i>	
Discussion	22
The UK pulsed spallation neutron source (IAEA-SM-219/118)	25
<i>G. C. Stirling</i>	
Discussion	36
Получение и хранение ультрахолодных нейтронов (IAEA-SM-219/2)	39
В. В. Голиков, В. И. Лущиков, А. В. Стрелков (<i>The production and storage of ultra-cold neutrons: V. V. Golikov et al.</i>)	
Discussion	51
Preliminary measurements of the performance of the source of ultra-cold and very cold neutrons at ILL (IAEA-SM-219/58)	53
<i>P. Ageron, M. Hetzelt, W. Mampe, R. Golub, M. Pendelbury, K. Smith, J. Robson</i>	
Discussion	65
Liquid ortho-deuterium as a converter for ultra-cold neutrons (IAEA-SM-219/63)	67
<i>M. Utsuro, M. Hetzelt</i>	
Discussion	75
Study of a cold neutron source (IAEA-SM-219/10)	77
<i>M. J. Valo</i>	
Discussion	85
Двойной спектрометр медленных нейтронов ДИН-2К (IAEA-SM-219/137)	87
В. А. Парфенов, П. С. Клемышев, И. Г. Морозов, А. Ф. Павлов (<i>The DIN-2K double slow neutron spectrometer: V. A. Parfenov et al.</i>)	
Discussion	123
Neutron spin echo and polarized neutrons (IAEA-SM-219/56)	125
<i>F. Mezei</i>	
Discussion	133

Polarization and diffraction of ultracold neutrons (IAEA-SM-219/7)	135
<i>R. Herdin, H. Scheckenhofner, A. Steyerl</i>	
Discussion	147
Some applications of a horizontally curved analyser crystal (IAEA-SM-219/65)	149
<i>R. Scherm, V. Wagner</i>	
Discussion	164
A new spectrometer for the study of quasi-elastic neutron scattering (IAEA-SM-219/32)	165
<i>D. Glasenapp, F. Schmidt, R. Stockmeyer, H. Stortnik, R. Wagner</i>	
Discussion	173
Thermal diffuse scattering in moving single crystals (IAEA-SM-219/43)	175
<i>W. Minor, I. Sosnowska, H. Kępa</i>	
Discussion	182
The multiplane analyser (IAEA-SM-219/49)	183
<i>P.P. Chandra, B.A. Dasannacharya</i>	
Discussion	195
Observation of phonon scattering surfaces by neutron film methods (IAEA-SM-219/22)	197
<i>D. Hohlwein</i>	
Discussion	209
Experimental capability study of non-conventional methods in neutron time-of-flight analysis (IAEA-SM-219/16)	211
<i>G. Badurek, H. Rauch</i>	
Discussion	224

MOLECULAR SPECTROSCOPY (Sessions III and IV)

Rotational excitations and tunnelling (Invited Review Paper) (IAEA-SM-219/129)	231
<i>A. Hüller, W. Press</i>	
Discussion	252
Temperature dependence of inelastic and quasi-elastic neutron scattering of a tunnelling methyl group (IAEA-SM-219/76)	255
<i>S. Clough, A. Heidemann</i>	
Discussion	263
A comparative study of the rotational potential of CH ₃ groups in methyl-substituted pyridines by NMR-TI and INS (IAEA-SM-219/33)....	265
<i>M. Prager, A. Kollmar, W. Müller-Warmuth, R. Schüler</i>	
Discussion	276

Torsions and metal-metal interactions in Pt and Pd ammines studied by inelastic neutron scattering (IAEA-SM-219/18)	279
<i>J. Howard, T.C. Waddington</i>	
Discussion	291
Экспериментальное изучение непарного межионного взаимодействия через электроны проводимости в алюминии (IAEA-SM-219/136)	293
<i>А.Ю.Румянцев, В.В.Пушкарёв, М.Г.Землянов, П.П.Паршин, Н.А.Черноплеков</i>	
<i>(Experimental study of a non-pair inter-ion interaction through conduction electrons in aluminium: A.Yu. Rumyantsev et al.)</i>	
Discussion	309
Rotational states of CH ₄ impurities in solid rare gas matrices (Ar, Kr, Xe) (IAEA-SM-219/26)	311
<i>Y. Kataoka, W. Press, U.Buchenau, H. Spitzer</i>	
Discussion	328
Dynamique de C ₁₀ D ₁₆ en phase plastique par diffusion neutronique (IAEA-SM-219/109).....	331
<i>J.C. Damien, R. Currat, J. Lefèbvre, B. Hennion</i>	
Discussion	342
Analysis of neutron inelastic scattering spectra of normal and deuterated formic acid (IAEA-SM-219/121)	345
<i>C.V. Berney, S.-H. Chen, D.H. Johnson, S. Yip</i>	
Discussion	360
Incoherent neutron scattering study of molecular motions in liquid cyclopropane (IAEA-SM-219/107)	363
<i>M.E. Besnard, A.J. Dianoux, J. Lascombe, J.C. Lassegues, P. Lalanne</i>	
Discussion	378
Neutron quasi-elastic scattering studies on the rotational motions in liquid acetonitrile (IAEA-SM-219/19)	379
<i>P.G. Woodcock, T.C. Waddington, J. Yarwood</i>	
Discussion	394
Incoherent neutron scattering study of molecular reorientation and rotational isomerization in plastic succinonitrile (IAEA-SM-219/66)	397
<i>J.P. Amoureux, M. Bée, R. Fouret, R.E. Lechner</i>	
Discussion	412
Rotational motions in some molecular solids: clathrate hydrates, plastic silane (IAEA-SM-219/75)	415
<i>W. Wegener, J. Vanderhaeghen, S. Hautecler, E. Legrand, L. van Gerven</i>	
Discussion	432

Nature of rotational motions in the solid phases of neopentane and tertial butyl chloride (IAEA-SM-219/47)	435
<i>K.E. Larsson, T. Månsson, L.G. Olsson</i>	
Discussion	459
Dynamics of translations and rotations in molecular crystals (IAEA-SM-219/91)	461
<i>K.H. Michel, J. Naudts</i>	
Discussion	479
Lattice dynamics of copper-based alloys (IAEA-SM-219/95)	481
<i>N.A. Chernoplekov, P.P. Parshin, A.Yu. Rumyantsev, M.G. Zemlyanov, N. Kroó, L. Rosta, I. Vizi</i>	
Molecular conformation of polypropylene in the molten and crystalline states (IAEA-SM-219/28)	493
<i>J. Schelten, W. Schmatz, D.G.H. Ballard</i>	
Discussion	507

LIQUID CRYSTALS AND POLYMERS (Session V)

Hydrodynamic instabilities and neutron scattering (Invited Review Paper) (IAEA-SM-219/132)	511
<i>T. Riste, K. Otnes, H. Bjerrum Møller</i>	
Discussion	531
Molecular order and dynamics in liquid crystals: Contribution from high resolution neutron scattering (IAEA-SM-219/72)	533
<i>A.J. Dianoux, F. Volino</i>	
Discussion	546
Dynamique des phases cristalline et smectiques ordonnées de TBBA (IAEA-SM-219/102)	549
<i>B. Dorner, J. Doucet, M. Lambert, A.M. Levelut, P. Porquet</i>	
Discussion	561
Deuteration as applied to small-angle neutron scattering for the study of polymers: Methods, results and prospects (IAEA-SM-219/99)	563
<i>F. Boué, M. Daoud, M. Nierlich, C. Williams, J.P. Cotton, B. Farnoux, G. Jannink, H. Benoît, R. Duplessix, C. Picot</i>	
Discussion	588
Non-periodic molecular motions in the modifications C and D of uniaxially oriented n-C ₃₃ H ₆₈ (IAEA-SM-219/35)	589
<i>D. Richter, B. Ewen</i>	
Discussion	606

Effect of interchain forces on acoustic phonon branches in deuterated uniaxial polyethylene (IAEA-SM-219/97).....	607
<i>G. Pépy, H. Grimm</i>	
Discussion	614
Dynamics of interlamellar water in divalent cation exchanged expanding lattice clays (IAEA-SM-219/38)	617
<i>P.L. Hall, D.K. Ross, J.J. Tuck, M.H.B. Hayes</i>	
Discussion	634
Coherent inelastic scattering in inhomogeneous media (IAEA-SM-219/81)	637
<i>P. Schofield</i>	
Discussion	647
Chairmen of Sessions and Secretariat of the Symposium	649
