

CONTENTS

	Page
Preface	v
List of Figures	ix
List of Tables	xi
I. General Description of Ion Implantation Processes	1
II. Ion Range Distributions	3
A. Definitions	3
B. Limitations to Analytical Range Distribution Theory	5
C. Spatial Moments of the Distributions	6
D. Equations Governing the Moments	8
E. Method of Solution of the Equations	9
F. Specific Solutions	10
G. Use of the Tables	12
III. Damage Energy Distributions	17
A. Calculational Methods	17
B. The Direct Method	17
C. Moments Method of Evaluating S and D	19
D. Estimates of Accuracy	20
E. Tables of Q(E,x)	21
IV. Ionization Distributions	295
A. The Direct Method	295
B. Moments Method of Evaluating I, S_I , and P	296
C. Estimates of Accuracy	296
D. Tables of Energy Deposition into Ionization	297
V. Silicon	569
References	589
