

COOPERATIVE EFFECTS IN PLASMAS

B. B. Kadomtsev

1.	Preliminaries	1
1.1.	Plasma states	1
1.2.	Ion-sound waves	2
1.3.	Linear waves in dispersive media	6
2.	Nonlinear waves	20
2.1.	Ordinary progressive waves	20
2.2.	Waves in weakly dispersive media	29
2.3.	Wave self-focusing and self-compressing	56
2.4.	Nonlinear wave interaction	65
2.5.	Solitons	85
3.	Waves and particles	102
3.1.	Landau damping	102
3.2.	Echo in a plasma	124
3.3.	Scattering of waves by particles	135
4.	Plasma in a magnetic field	137
4.1.	Magneto-hydrodynamics	137
4.2.	Two-fluid magneto-hydrodynamics	148
4.3.	Plasma diffusion	159
5.	Linear waves	172
5.1.	Alfvén and magneto-acoustic waves	172
5.2.	Wave dispersion in two-fluid hydrodynamics	184
5.3.	Electromagnetic waves in a plasma	195
5.4.	Wave energy and momentum	202
