

Contents

1	Introduction	1
2	Energy Conservation in Japan	7
2.1	Energy Conservation Policies in Japan	7
2.2	Energy Conservation in the Residential Sector	10
2.3	Security of the Electricity Supply After Fukushima	13
2.4	Conclusion	16
	References	17
3	Consumer Response to Critical Peak Pricing of Electricity and Conservation Requests	19
3.1	Introduction	19
3.2	Experimental Design and Data	21
3.2.1	CPP Experiments	22
3.2.2	CR Experiments	24
3.2.3	Sample Construction and Randomization Tests	24
3.2.4	Time-of-Day Electricity Consumption	26
3.3	Estimation Results	29
3.3.1	LA/AIDS Model	29
3.3.2	Conservation Effects on Residential Peak Usage of Electricity	32
3.4	Discussion	38
3.5	Conclusion	39
	Appendix: Estimation of the Elasticity of Total Electricity Demand with Respect to the Electricity Price Index	40
	References	42
4	Effects of In-home Displays on Residential Electricity Consumption	45
4.1	Introduction	45
4.2	Learning Through Attention in the Presence of Biased Beliefs About Consumption	48

4.3	Experimental Design and Data	52
4.3.1	IHD Experiments	52
4.3.2	Randomization Tests	54
4.3.3	Information Acquisition and Electricity Consumption.	57
4.4	Estimation Results	59
4.4.1	Econometric Model of Time-of-Day Electricity Consumption	59
4.4.2	Effects of Consumption Salience in the Initial Experiment.	63
4.4.3	Persistence of Consumption Salience and Learning Effects: Evidence from the Second Experiment	65
4.4.4	Heterogeneous Effects of Salience and Learning	67
4.5	Discussion	70
4.6	Conclusion	72
	Appendix: Additional Estimation Results	73
	References	77
5	Energy-Saving Effects of Home Energy Reports	81
5.1	Introduction	81
5.2	Experimental Design and Data	83
5.3	Estimation Results	87
5.3.1	Econometric Model of Half-Hourly Electricity Consumption	87
5.3.2	Conservation Effects of HERs.	88
5.3.3	Hourly Effects of HERs.	90
5.3.4	Persistence in the Conservation Effects of HERs	93
5.4	Conclusion	96
	Appendix: Additional Estimation Results	97
	References	98
6	Regional Impacts of Energy Conservation Policies	99
6.1	Introduction	99
6.2	Methodology and Data.	101
6.2.1	CPP and IHD Scenario	101
6.2.2	HER Scenario.	103
6.3	Regional Impacts of CPP, IHDs, and HERs	104
6.4	Conclusion	108
	References	109
