1	Relativistic Kinetic Theory for Matter				
	1.1	Relativistic Boltzmann Equation for a Monatomic			
		Gas Mixture	2		
		1.1.1 Preparation	2		
		1.1.2 Relativistic Covariant Kinetic Equation	3		
		1.1.3 Mean Values and Macroscopic Variables	5		
		1.1.4 Hydrodynamic Velocity	6		
		1.1.5 Energy-Momentum Tensor and Related Observables	8		
		1.1.6 Relativistic Generalized Hydrodynamic Equations 12	3		
		1.1.7 Boltzmann Entropy and the <i>H</i> Theorem	6		
		1.1.8 Functional Hypothesis	9		
		1.1.9 Calortropy	2		
		1.1.10 Relative Boltzmann Entropy 44	4		
	1.2	Pfaffian Differential Form for Calortropy 40	6		
		1.2.1 Statistical Mechanical Method	6		
		1.2.2 Method Using the Calortropy Balance Equation 44	8		
	1.3	Thermodynamic Correspondence			
	1.4	Statistical Thermodynamics of Relativistic Gases			
	1.5	Cumulant Expansion 52	2		
		1.5.1 Cumulant Expansion for Calortropy Production 52	2		
		1.5.2 Dissipation Terms in First-Order Cumulant			
		Approximation 59	9		
	1.6	Generalized Potentials 6	1		
	1.7	Linear Generalized Hydrodynamic Equations	2		
	1.8	Linear Transport Coefficients			
	1.9	Generalized Hydrodynamic Equations	7		
		1.9.1 Nonlinear Generalized Hydrodynamic Equations 6'	7		
		1.9.2 Quasilinear Generalized Hydrodynamic Equations 76	0		
		1.9.3 Quasilinear Transport Processes	1		
		1.9.4 Quasilinear Transport Coefficients	2		

	1.10	Model	Quasilinear Generalized Hydrodynamic Equations	73
	1.11	Nonrela	Nonrolativistic Limits of Operatory	74
		1.11.1	and Related Quantities	75
		1112	Nonrelativistic Limits of Energy-Momentum Tensor	76
		1.11.2	Nonrelativistic Limit of the Kinematic Terms	78
		1 1 1 4	Nonrolativistic Limits of $\Omega^{(q)\sigma\mu\cdots\nu}$ and $V^{(q)\mu\cdots\nu}$	70
	1 12	Delotiv	Nonrelativistic Limits of Σ_d^{2d} and K_d	79 81
	1.12	1 12 1	A Form for $\ln(f/f^{c})$	01
		1.12.1	The Finel Form of the Beletive Beltzmann Entropy	81
		1.12.2	Balance Equation	83
	1 13	Conclu	ding Remarks	84
	1.15	Supplei	mentary Notes on Four-Tensors and Vectors	86
		1.14.1	Four-Vectors, Four-Tensors and Related Algebra	86
		1.14.2	The Scalar Product of Four-Vectors	87
		1.14.3	Four-Tensor of Rank Two	88
		1.14.4	Completely Antisymmetric Unit Tensors	
			of Rank Four e^{iklm}	90
		1.14.5	Terminology Definition	90
		1.14.6	Four Types of Integrations	92
		1.14.7	Four-Dimensional Velocity	93
			, ,
