| <b>Preface</b> .....   | iii |
| <b>1. Introduction</b> .....   | 1   |
| <b>2. Definition of Terms and Concepts</b> .....                                   | 2   |
| <b>2.1</b> Temporary and Permanent Implants .....                                  | 2   |
| <b>2.2</b> Source Specification .....  | 2   |
| <b>2.3</b> Description of Source Patterns .....                                    | 2   |
| <b>2.4</b> Total Reference Air Kerma .....   | 2   |
| <b>2.5</b> Volumes and Planes .....  | 2   |
| <b>2.5.1</b> Gross Tumor Volume .....  | 2   |
| <b>2.5.2</b> Clinical Target Volume .....  | 2   |
| <b>2.5.3</b> Planning Target Volume .....  | 3   |
| <b>2.5.4</b> Treated Volume .....  | 3   |
| <b>2.5.5</b> Central Plane .....   | 3   |
| <b>2.6</b> Description of Dose Distribution .....                                  | 3   |
| <b>2.6.1</b> General Concepts .....  | 3   |
| <b>2.6.2</b> Dose Distributions in One or More Planes Through<br>the Implant ..... | 4   |
| <b>2.6.3</b> Prescribed Dose .....   | 4   |
| <b>2.6.4</b> Minimum Target Dose .....   | 4   |
| <b>2.6.5</b> Mean Central Dose .....   | 4   |
| <b>2.6.6</b> High Dose Volumes .....   | 5   |
| <b>2.6.7</b> Low Dose Volumes .....  | 6   |
| <b>2.6.8</b> Dose Uniformity Parameters .....                                      | 7   |
| <b>2.6.9</b> Additional Representations of the Dose Distribution ..                | 7   |
| <b>2.7</b> Time Dose Factors .....   | 7   |
| <b>2.7.1</b> General Considerations .....  | 7   |
| <b>2.7.2</b> Times and Dose Rates for Temporary Implants .....                     | 9   |
| <b>2.7.3</b> Time Dose Pattern for Temporary Implants .....                        | 9   |
| <b>3. Recommendations for Recording and Reporting</b> .....                        | 11  |
| <b>3.1</b> Parameters Required for Recording and Reporting .....                   | 11  |
| <b>3.1.1</b> Description of Volumes .....  | 11  |
| <b>3.1.2</b> Description of Sources .....  | 11  |
| <b>3.1.3</b> Description of Technique and Source Pattern .....                     | 11  |
| <b>3.1.4</b> Description of Time Pattern .....                                     | 11  |
| <b>3.1.5</b> Total Reference Air Kerma .....                                       | 11  |
| <b>3.1.6</b> Description of Dose Distribution .....                                | 11  |
| <b>3.2</b> Priority .....  | 12  |
| <b>4. Practical Applications of the Recommendations</b> .....                      | 13  |
| <b>4.1</b> Temporary Implants .....  | 13  |
| <b>4.2</b> Permanent Implants .....  | 13  |
| <b>4.3</b> Single Stationary Line Source .....                                     | 13  |
| <b>4.4</b> Moving Sources .....  | 14  |
| <b>4.5</b> Surface Applicators (X or gamma emitters only) .....                    | 14  |
| <b>Appendix A: Quantities and Units</b> .....                                      | 16  |
| <b>A.1</b> Basic Quantities and Units .....  | 16  |
| <b>A.1.1</b> Definition of Quantities .....  | 16  |
| <b>A.1.2</b> Relationships Between Quantities .....                                | 16  |
| <b>A.2</b> Reference Air Kerma Rate .....  | 17  |
| <b>A.2.1</b> Definition of the Reference Air Kerma Rate .....                      | 17  |
| <b>A.2.2</b> Specification of Linear Strength .....                                | 17  |
| <b>A.2.3</b> Background of Recommendations .....                                   | 17  |
| <b>Appendix B: Interstitial Brachytherapy Sources</b> .....                        | 19  |

|   |  |    |
|---|--|----|
| <b>B.1</b>  | Definition .....   | 19 |
| <b>B.2</b>  | Radionuclides Used in Interstitial Brachytherapy .....       | 19 |
| <b>B.3</b>  | Source Types.....  | 19 |
| <b>B.3.1</b>  | Needle or Tube Source .....                                  | 19 |
| <b>B.3.2</b>  | Wire Source.....   | 19 |
| <b>B.3.3</b>  | Small Source.....  | 19 |
| <b>B.3.4</b>  | Source Line.....   | 19 |
| <b>B.4</b>  | Length of Sources .....                                      | 19 |
| <b>B.4.1</b>  | Physical Length.....   | 20 |
| <b>B.4.2</b>  | Active Length.....   | 20 |
| <b>B.4.3</b>  | Equivalent Active Length .....                               | 21 |
| <b>B.4.4</b>  | Height of Hairpin or Loop .....                              | 21 |
| <b>B.4.5</b>  | Branch Length of Hairpin, Single Pin or Loop .....           | 21 |
| <b>B.5</b>  | Source Construction .....                                    | 21 |
| <br><b>APPENDIX C: DETERMINATION OF SOURCE<br/>PARAMETERS, VERIFICATION OF SOURCE<br/>STRENGTH.....</b> |  |    |
|   |  | 22 |
| <b>C.1</b>  | Calibration .....  | 22 |
| <b>C.2</b>  | Recommendations for Calibration.....                         | 22 |
| <b>C.3</b>  | Uniformity of Source Strength within a Batch of Sources. ... | 22 |
| <b>C.4</b>  | Linear Uniformity.....                                       | 22 |
| <b>C.5</b>  | Uniformity of Low Energy Sources .....                       | 22 |
| <b>C.6</b>  | Calibration Of High Intensity Afterloading Systems .....     | 22 |
| <br><b>APPENDIX D: PRACTICAL EXAMPLES.....</b>  |  |    |
|   |  | 24 |
| <b>D.1.</b>   | Single Plane Implants: Manchester System .....               | 24 |
| <b>D.1.1</b>  | Volumes.....   | 24 |
| <b>D.1.2</b>  | Sources .....  | 24 |
| <b>D.1.3</b>  | Time Pattern .....   | 24 |
| <b>D.1.4</b>  | Total Reference Air Kerma (TRAK).....                        | 24 |
| <b>D.1.5</b>  | Doses .....  | 24 |
| <b>D.1.6</b>  | Uniformity Parameters .....                                  | 24 |
| <b>D.1.7</b>  | Dose Rate .....  | 24 |
| <b>D.2</b>  | Two-plane Breast Implant .....                               | 24 |
| <b>D.2.1</b>  | Volumes.....   | 24 |
| <b>D.2.2</b>  | Sources .....  | 24 |
| <b>D.2.3</b>  | Time Pattern .....   | 26 |
| <b>D.2.4</b>  | Total Reference Air Kerma .....                              | 26 |
| <b>D.2.5</b>  | Doses .....  | 26 |
| <b>D.2.6</b>  | Uniformity Parameters .....                                  | 27 |
| <b>D.2.7</b>  | Dose Rate .....  | 27 |
| <b>D.3</b>  | Bronchus Treatment: Moving Source .....                      | 27 |
| <b>D.3.1</b>  | Volumes.....   | 27 |
| <b>D.3.2</b>  | Sources and Technique.....                                   | 27 |
| <b>D.3.3</b>  | Time Pattern .....   | 27 |
| <b>D.3.4</b>  | Total Reference Air Kerma .....                              | 27 |
| <b>D.3.5</b>  | Doses .....  | 27 |
| <b>D.3.6</b>  | Dose rate .....  | 27 |
| <b>REFERENCES.....</b>  |  | 28 |
| <b>ICRU REPORTS .....</b>   |  | 30 |
| <b>INDEX.....</b>   |  | 34 |
