

FINAL REPORT
of the
ITER ENGINEERING DESIGN ACTIVITIES

Prepared by the ITER Council

CONTENTS

Preface

- 1. Introduction**
- 2. ITER EDA Objectives**
- 3. Scope of the ITER Engineering Design Activities**
- 4. Organization and Resources**
- 5. Engineering Design**
- 6. Validating Research and Development**
- 7. Safety and Environmental Assessments**
- 8. Site Requirements**
- 9. Proposed Schedule and Estimates of Manpower and Cost**
- 10. Proposals on Approaches to Joint Implementation**
- 11. Conclusions**
